OFFICE FINANCIAL POLICY

In an effort to keep the cost of billing out of our professional fees, we ask that services be paid for as they are provided. We understand that some restorative services are costly, so for major services, we offer the following alternatives:

- 1. A 5% discount for prepayment in full when paid by cash or check. No discount is available for insurance co-payments.
- 2. A 3% discount for prepayment in full when paid by Visa, Master card or Discover. No discount is available for insurance co-payments.
- 3. Flexible interest-free financing through Care Credit. This option is available for total case fees and for patients having dental insurance. The full treatment cost will be submitted to Care Credit as no discounts are available for this option. For patients having dental insurance who use this option, the full treatment cost will be submitted to Care Credit and we will file with your insurance company; any insurance reimbursement will be forwarded by your insurance company directly to patient.
- 4. For those patients having dental insurance, we are willing to accept direct reimbursement from your insurance company. We require that you provide us with the necessary information regarding your coverage. In addition, we require you to sign a Visa, Master card or Discover consent form which allows us to charge your Visa, Master card or Discover account for any unpaid balance over 60 days.

Our goal is to provide every patient with the best possible dental care. We hope that these financial options will provide you with the means to achieve this care. We also know that unusual circumstances can arise, so if you have a problem, please talk to us about it.

By signing this form, I,	, agree with one out of four of the above options
